**WHY BUILDING CREDIT  
HELPS YOUR BUSINESS?**

**Lower Expenses**

Your credit score can impact how much or little you pay for certain things. It can impact the interest rate on your car loans, contractor lines of credit, business credit cards for contractors, and in some states insurance premiums.

**Increase Credit**

Receive tailored one-on-one credit building counseling to increase your credit score! Personal credit can be key to applying for business capital including grants and supplier lines!
